

Stewardship 2023

Did you know?...

It costs...

\$720/day or...

\$5,040/week or...

\$21,833/month

...to provide what St. Thomas' offers to our community

Our preliminary budgeted expense for 2023 is...\$262,000

How do we accomplish this?...

\$31,700 of income comes from...

Apartment Rental, Parking Lot and Facilities Donations

\$45,000 will be withdrawn from our Endowment Fund

This leaves \$185,300 needed from our Parish community

How can we help?...

We estimate that we have 116 households at St. Thomas'

If each household donated \$1,600/year we would meet our goal.

However, we know that this is not possible for everyone.

We have identified 18 households that historically donate a total of \$97,000 each year.

So...

We need 98 households to donate a total of \$98,000

How do we accomplish this?...

If each household donates \$1,000/year we could achieve our goal.

\$1,000 is...\$85/month or \$20/week

We know that everyone cannot do this. Remember...Every dollar helps.

Please prayerfully consider supporting St. Thomas'
